

## COOKIE POLICY

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive.

We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. Because these cookies are strictly necessary we do not need to ask for your consent to use them.
- **Analytical or performance cookies.** These allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests.

You can find more information about the individual cookies we use and the purposes for which we use them in the table below:

Cookie	Description	Type
<b>__cfduid</b>	The cookie is set by CloudFare. The cookie is used to identify individual clients behind a shared IP address and apply security settings on a per-client basis. It does not correspond to any user ID in the web application and does not store any personally identifiable information.	Necessary
<b>_ga</b>	This cookie is installed by Google Analytics. The cookie is used to calculate visitor, session, campaign data and keep track of site usage for the site's analytics report. The cookies store information anonymously and assign a randomly generated number to identify unique visitors.	Analytics
<b>_gid</b>	This cookie is installed by Google Analytics. The cookie is used to store information of how visitors use a website and helps in creating an analytics report of how the website is doing. The data collected including the number visitors, the source where they have come from, and the pages visited in an anonymous form.	Analytics
<b>_gat</b>	This cookies is installed by Google Universal Analytics to throttle the request rate to limit the collection of data on high traffic sites.	Analytics
<b>_lfa</b>	This cookie is installed by Leadfeeder and is used to distinguish visitors.	Analytics

Please note that the following third parties may also use cookies, over which we have no control: Google, Leadfeeder, CloudFlare. These named third parties may include, for example, advertising

networks and providers of external services like web traffic analysis services. These third-party cookies are likely to be analytical cookies or performance cookies or targeting cookies.

Only strictly necessary cookies are enabled on our website by default. To accept or decline all other cookies, use the cookie banner that appears at the bottom of every web page on our website.

You can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our website.
